

A Presentation on

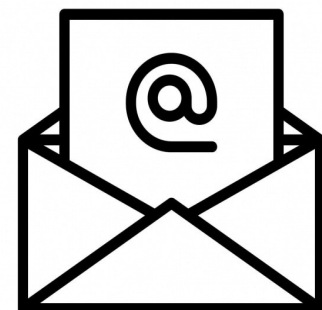

Notification Portal

By:

Ekta Yadav (22ERASE600)

Shailendra Ahir (22ERASE601)

Agenda

- Introduction
- Existing system
- New system – notification portal
- Demo
- Future enhancements
- Questions and answers

Introduction

- Notice board is good, WhatsApp is better, A dedicated communication channel is great.

Existing system

- Direct call to students
- WhatsApp groups and communities
- Notice board
- Face to face communication

New System – Notification portal

- Aims to supplement the existing system
- Bulk SMS and Email to students
- Any combination of groups can be created
- Can be extended to fulfill many communication requirements – like supports team group, fee pending group, hostel students group, alumni group, B. Tech group

Demo

Notification Portal

- 🏠 Dashboard
- 🎓 Students
- 👥 Groups
- 💬 Messages
- 🕒 Schedules
- 🚪 Logout

Future Enhancements

- WhatsApp integration
- ChatBots
- Social media connects – X.com tweets, Facebook page posts, LinkedIn notifications
- A dedicated extension on student's laptop
- A dedicated communication for student's smartphone
